Rest. Retreat. Renewal.

Rest, renewal, and retreat are the cornerstones of the transformative experience awaiting you at Ferncliff. Nestled amidst the beauty of nature, our campus offers a sanctuary for individuals and groups seeking respite from the hustle and bustle of daily life.

Ferncliff Camp and Conference Center offers ideal lodging and a versatile meeting space for conference planners seeking a unique and accommodating venue for their next event.

OUR COMMITMENT TO *Sustainability*

Sustainability and creation care is interwoven into all that we do, from a conference or an event where it's important that we provide opportunities for recycling or compost food waste, to our camp programs where we teach campers about habitats and how we can care for wildlife.

Whether it's green features in the building, dedication to using certain products, our farm and garden area, or locally sourced produce, we try our best in all aspects of our programming and our maintenance of this space to be as sustainable as possible.

From our hotel-style Brown Center rooms, to our new Yurt village, we combine comfortable accommodations, rustic charm and a serene, expansive campus. The meeting spaces are complemented by the scenic environment of Ferncliff's 1,200-acre campus, conveniently located just 10 miles from Little Rock, Arkansas.

Amy Johnson

Academic Administrator,
Arkansas Virtual Academy

“Ferncliff not only has a great facility to hold conferences but the environment allows us to enjoy each other better. There’s a lot of places where you can have a conference retreat, but not many where you can walk out of the conference room and sit and have a cup of coffee on the porch and take intentional time to unplug. This is a beautiful, relaxing, calm, and very accommodating place to come to.”

DINING OPTIONS

Food service serves a key role at any conference or retreat. Sharing a meal together, quite literally breaking bread, is such an important event that fosters meaningful connection among those gathered at the table.

Ferncliff consistently receives high marks for food service. Meals are traditionally served buffet style. All our meals give guests a variety of options from which to choose. For lunch and dinner we provide a main entree and side items, a full salad bar, coffee, tea, juice or lemonade and dessert. We provide a vegetarian option at every meal and fruit is always available. We supplement with fresh vegetables from our garden and locally-grown food when available.
